## FUMAGALLI COMPONENTI SPA

is an Italian company certified ISO 9001:2008; leader in the production of electric hand dryers known under the brand names MAGNUM® and FUMAGALLI® since 1962. Fumagalli is today among the market leaders as far as the equipment of the complete washroom is concerned having among its customers the most famous names. Fumagalli designs, develops and manufactures a wide range of products for sanitation by providing innovative solutions with high technological content.

## GLOBAL PRESENCE

The Company, managed by its Executive Vice President Pierroberto Fumagalli, is leader in Italy and known and appreciated throughout the world for the quality, reliability and design of its products. The "Made in Italy" quality is distributed through major sales channels in more than 30 countries.

## BRAND

MAGNUM® is the best known Fumagalli's commercial brand on the Italian market as far as electric hand dryers are concerned, the same are known under the brand FUMAGALLI® in Europe and all around the World. Synonym of reliability, efficiency, safety and performance, appreciated by millions of customers who use our products every day.

## TECHNOLOGICAL EXCELLENCE

Fumagalli is prone to innovation and constantly invests in new machineries and technologies. A careful analysis of market trends, needs and expectations of customers and the attention to the possibility to offer products with a low environmental impact, can be considered Fumagalli's Mission. The high quality standard is always achieved in compliance with the most severe regulations through systematic checks at all stages of production up to the finished product. All machineries are certified.

In our R & D department, unique in the Italian panorama, new solutions come to life making our products unmistakable. The following are the main features of the AIR line:

Here below the main characteristics of the Water Range. A complete range of electronic faucets conceived and produced by our skilled staff:

- CAPACITIVE electronic faucets
- SENSOR OPERATED settable electronic faucets
- TRADITIONAL faucets

The main characteristics are:

- Water saving: thanks to the latest technologies, our ranges grant a consistent reduction in water consumption avoiding any possible water waste;

- Energy saving: low power consumption thanks to two options given (mains or battery operated);
- Maximum hygiene: no-touch system, anti legionella settable.

## WARRANTIES AND RELIABILITY

Fumagalli means professionalism, technical skills, elegance, design and Italian style. Production reliability is certified, not only by International Certification Bodies, but also by testimonials and references of our worldwide customers.

## PRODUCT LINES

Fumagalli is not only electric hand dryers and hair dryers but also:

- Specific products for communities and for washrooms addressed to disabled people such as ceramic, faucets and technical aids;
- Electronic Faucets
- Stainless steel dispenser and bathroom accessories;

Fumagalli is also Contract Division, an internal department which develops and designs tailor made solutions for a customized washroom.

## Technical features

**Photocell**  
Settable with DCS  
(Data Control System)

**Volumetric**  
Sensor less

**Manual**

**Technological/innovating**

**Single water**

**Pre mixed water**

**Mixer**

**Built-in**

**Wash basin**

**Shower**

**Urinal**

**WC**

**Battery operated**  
Long life 6V batteries

**Mains power**

**Electrical protection level**  
Class I

**Electrical protection level**  
Class II

**Optical alert**  
Low level battery

**Activating distance**  
With adjustable stand  
by sensor

**Safety button**  
Temperature  
stops at 38° C

**Self rinsing**  
Standard/settable

**Antilegionella**

**Anti-thief, anti-vandal**

**Anti-flow device**  
Self stopping  
water supply

**Aerator with different  
flow rates**

**Brass 617**  
For all components in touch  
with water

**Chromium plated**

**Stainless steel**

## Energy savings

**Water saving**

**Bi-stable solenoid valve**  
Low energy consumption  
it activates only during  
water delivery

## ELECTRONIC VOLUMETRIC SINGLE WATER AND PREMIXED TAP

### Technical features

### Energy savings

ITEM CODE	PRICE
LC100-EAF/A Single water, mains power operated	213,76 Euro
LC100-EAF/B Single water, battery operated	Euro
LC100-EBF/A Pre-mixed, mains power operated	Euro
LC100-EBF/B Pre-mixed, battery operated	Euro

### Accessories

AREATORS FOR DIFFERENT FLOW RATES

### Optionals

ANTILEGIONELLA SYSTEM  
SET IN-HOUSE

## ELECTRONIC VOLUMETRIC MIXER

### Technical features

### Energy savings

ITEM CODE	PRICE
LC100-ELF/A Mixer, mains power operated	247,16 Euro
LC100-ELF/B Mixer, battery operated	Euro

### Accessories

AREATORS FOR DIFFERENT FLOW RATES

### Optionals

ANTILEGIONELLA SYSTEM  
SET IN-HOUSE

## ELECTRONIC SINGLE WATER AND PRE-MIXED TAP WITH PHOTOCELL

### Technical features

### Energy savings

ITEM CODE	PRICE
LF100-EAF/A Single water, mains power operated	Euro
LF100-EAF/B Single water, battery operated	Euro
LF100-EBF/A Pre-mixed, mains power operated	Euro
LF100-EBF/B Pre-mixed, battery operated	Euro

### Accessories

AREATORS FOR DIFFERENT FLOW RATES

## ELECTRONIC MIXER WITH PHOTOCELL

### Technical features

### Energy savings

ITEM CODE	PRICE
LF100-ELF/A Mixer, mains power operated	Euro
LF100-ELF/B Mixer, battery operated	Euro

### Accessories

AREATORS FOR DIFFERENT FLOW RATES

## ELECTRONIC SINGLE WATER AND PRE-MIXED TAP WITH PHOTOCELL

### Technical features

### Energy savings

ITEM CODE	PRICE
LP200-EAF/A Single water, mains power operated	199,95 Euro
LP200-EAF/B Single water, battery operated	192,20 Euro
LP200-EBF/A Pre-mixed, mains power operated	Euro
LP200-EBF/B Pre-mixed, battery operated	Euro

### Accessories

AREATORS FOR DIFFERENT FLOW RATES

### Optionals

ANTILEGIONELLA SYSTEM  
SET IN-HOUSE

## ELECTRONIC MIXER WITH PHOTOCELL

### Technical features

### Energy savings

ITEM CODE	PRICE
LP200-ELF/A Mixer, mains power operated	230,95 Euro
LP200-ELF/B Mixer, battery operated	223,20 Euro

### Accessories

AREATORS FOR DIFFERENT FLOW RATES

### Optionals

ANTILEGIONELLA SYSTEM  
SET IN-HOUSE

## ELECTRONIC RECESSED SINGLE WATER AND PRE-MIXED TAP WITH PHOTOCELL

### Technical features

### Energy savings

### Accessories

AREATORS FOR DIFFERENT FLOW RATES

150 mm

AVAILABLE WITH 150 mm SPOUT

ITEM CODE	PRICE
LF320-IAF/A Single water, mains power operated	Euro
LF320-IAF/B Single water, battery operated	Euro
LF320-IBF/A Pre-mixed, mains power operated	Euro
LF320-IBF/B Pre-mixed, battery operated	Euro

## ELECTRONIC RECESSED MIXER WITH PHOTOCELL

### Technical features

### Energy savings

### Accessories

AREATORS FOR DIFFERENT FLOW RATES

150 mm

AVAILABLE WITH 150 mm SPOUT

ITEM CODE	PRICE
LF320-IMF/A Mixer, mains power operated	Euro
LF320-IMF/B Mixer, battery operated	Euro

## ELECTRONIC RECESSED SINGLE WATER AND PRE-MIXED SHOWER TAP WITH PHOTOCELL

### Technical features

### Energy savings

ITEM CODE	PRICE
SP300-IAF/A Single water, mains power operated	Euro
SP300-IAF/B Single water, battery operated	Euro
SP300-IBF/A Pre-mixed, mains power operated	Euro
SP300-IBF/B Pre-mixed, battery operated	Euro

## ELECTRONIC RECESSED SHOWER MIXER WITH PHOTOCELL

### Technical features

### Energy savings

ITEM CODE	PRICE
SP300-IMF/A Mixer, mains power operated	Euro
SP300-IMF/B Mixer, battery operated	Euro

## THERMOSTATIC MIXER

### Technical features

ITEM CODE	PRICE
SM 400 ETF	Euro

WH 56O EA Complete set	Euro
---------------------------	------

### Special options

Shower head  
WH 56O EA

## SANITARY SINGLE LEVER MIXER

### Technical features

ITEM CODE	PRICE
SM 600 EMF	Euro

WH 56O EA Kit completo	Euro
---------------------------	------

### Special options
