

WARM AIR HAND DRYERS

Provided with an internal antibacterial device ideal for maximum hygiene exigencies; studied in particular for medical/hospital surroundings and food sector.

MG88A (b) UVC

Carbon steel, white-glazed, automatic

MG88A (l) UVC

Stainless steel, bright, automatic

MG88A (o) UVC

Stainless steel, brushed, automatic

360° revolving nozzle

Tested quality

Made in Italy
Italian design and technology

Super Power
Major power, guaranteed by the new motor

Test certificate
Every dryer is supplied with test certificate

Temperature
Constant temperature

UVC
Dryer provided with internal UVC lamp

Thief-proof
Thanks to special screws

Worldwide patent
The first UVC application for warm air hand dryers

Vandal-proof
Thanks to the compact and sturdy structure

Long Life
Statistically over 15 years

40° Anniversary
MG HAND the original leader of the market for more than 40 years

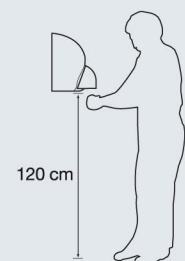

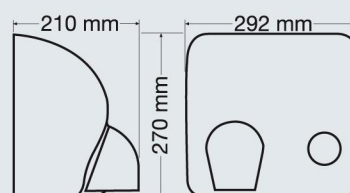

Technical Details

Functioning	Photocell
Cover material	Carbon or stainless steel
Base material	Aluminium
Net weight	8 kg
Supply voltage	220/240 V
Main frequency	50/60 Hz
Absorption motor/n° revolutions	250W/5.500 rev./min
Heating element absorption	2000 W
Overall power absorption	2250 W
Air speed	105 Km/h
Air flow	4,3 m ³ /min
Ingress protection level	IP21/IP23**
Noise level at 3 mt	63,9 dBA
Electrical protection level	Class I
Quality marks	TUV/CE   

UVC lamp absorption	4 W
UVC lamp guaranteed life	5.000 hours

** IP21 Revolving nozzle - IP23 fixed nozzle

Dimensions

FUMAGALLI UVC
