Humans are invisible for mosquitoes & ticks for up to 48 h !

- Protection against mosquitoes, ants, horseflies, bugs etc. for up to 8 h
- Tick protection for up to 4 h
- Works in tropical conditions
- Active ingredient recommended by WHO
- Rated “very good” by dermatologists

Insect-OUT® Mosquito & Tick Protection products are insect “repellents” and protect against mosquitoes, ticks, flies, bugs, horseflies and ants.

Insect-OUT® Mosquito & Tick Protection contains the latest active ingredient Saltidin® which is easy on the skin and recommended by the WHO. **Insect-OUT® Mosquito & Tick Protection** products do not contain DEET!

The effectiveness of Saltidin against various insects was extensively tested in diverse climates including the tropics – and always with excellent results!

Insect-OUT® Mosquito & Tick Protection products are available for children and adults in various concentrations and are sold both as a pleasant lotion and as a spray. Rated “very good” by dermatologists, **Insect-OUT® Mosquito & Tick Protection** has a pleasant scent and is the product of your choice!

Finally mosquito-free

TIPP:

To keep your garden, terrace, balcony etc. free of mosquitoes, we recommend our **Insect-OUT® Mosquito Spray!**
