

CRI-CRI 309

Light and compact, CRI CRI 309 is extremely easy to clean thanks to a removable drawer.

STRUCTURE

The strong structure ensures the longest life product also in hard working conditions.

LAMPS

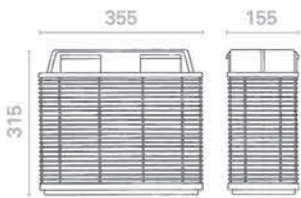

Equipped with two 20W UV-A lamps it reaches a 30W performance and achieves an irradiation of 10-12m. The lamp case is molded to prevent water and dust penetration.

SAFETY

Approved by IMQ in IPX3 class. The grilles have been tested against oxidation and the bodywork is tested in order to resist extreme conditions of heat, dryness and cold.

MADE IN ITALY

TECHNICAL FEATURES	309
Size (mm)	355X155X315 mm (h)
Weight	4,2 Kg
Power supply	230V - 50 Hz
Discharge voltage	5000V
Total consumption	45W
UV-A lamps	2X15W
Lamp life	1500 h
Standard equipment	Small chain
IP rate	IPX3
Insulation class	II
Range of action	10-12m
SPARE LAMP	0415
