

Sanitary bin 8 litre + hygiene bag dispenser with knee opening system plastic, PQHBS

For your female guests a visit to the toilet is more than just that. It is a moment to refresh, touching up make-up and replacing a sanitary towel. A fully decorated sanitary area will leave your female visitors with a lasting impression. If there was ever a hygiene sanitary bin developed with a focus on hygiene it would be the knee operated PlastiQline hygiene sanitary bin. This practical all-in-one hygiene sanitary bin is a great addition to each female toilet. It opens by pressing your knee against it which will prevent any unwanted contact with unhygienic surfaces. After use the lid will immediately return to its original position, thereby containing any unpleasant smells. The bin is fitted with a mounted sanitary bag holder for plastic bags and has an inner container with four lateral flaps. Are you looking for a practical all-in-one hygiene sanitary bin for your female guests? Then request a quote now!
